in API Integration, Responsive Design, and Scalable Web Apps
| Proficient in TailwindCSS, Git | Passionate About Intuitive User
Interfaces.
Pune, Maharashtra, India

Summary

As a Bachelor of Computer Engineering graduate from Savitribai
Phule Pune University, I am a passionate Front-End Developer
with 1 year of professional experience. My academic foundation
and hands-on exposure to cutting-edge technologies like React.js,
Next.js, and Node.js have enabled me to design and deliver
dynamic, responsive, and scalable web applications.

During my tenure at GrowMore Media and PHN Technology Pvt Ltd,
I worked on:

E-Commerce Platform Development: Designed advanced product
grids and filtering systems, integrated REST APIs, and optimized
performance with techniques like lazy loading and code splitting,
resulting in a 30% increase in organic traffic.
Interactive Dashboards: Built scalable analytics dashboards using
React.js, Chart.js, and caching mechanisms, improving load times by
50%.
UI/UX Redesigns: Led redesign projects that boosted client
conversion rates by 15% through responsive layouts and mockups
created in Figma.
Looking ahead, I aspire to grow as a front-end developer and
specialize in creating impactful solutions using modern web
frameworks. I am eager to collaborate on innovative projects that
prioritize performance, usability, and scalability. My career goals
include mastering advanced state management tools, contributing
to open-source projects, and staying at the forefront of web
development trends.

I value team collaboration, continuous learning, and a commitment
to excellence, striving to deliver meaningful digital experiences that
align with business objectives.

Experience

GrowMore Media
Frontend Web Developer
June 2024 - November 2024 (6 months)
Pune, Maharashtra, India

Collaborated with a team of developers to build and improve web
pages using React.js, ensuring the application met user needs and
business goals.
Implemented techniques like lazy loading and code splitting,
achieving a 40% reduction in page load times and increasing user
retention by 20%.
Collaborated with backend developers to integrate real-time
inventory updates, enhancing checkout functionality and reducing
cart abandonment rates by 25%.
Developed reusable UI components and worked closely with
designers to turn interactive wireframes into reality, leading to a
30% increase in customer satisfaction.
Contributed to an Agile team of developers, designers, and product
managers, helping deliver new features on time with a 95% sprint
completion rate.
Identified and resolved over 50 UI/UX bugs, improving the website's
stability and usability.

PHN Technology Pvt Ltd
Frontend Developer Intern
December 2023 - May 2024 (6 months)
Pune, Maharashtra, India

At PHN Technology Pvt.Ltd, Designed and implemented interactive UI
components, including
sliders, modals, and forms, for multiple client websites.
Led the redesign of landing pages and other key sections, resulting
in a 15% increase in client conversion rates.
Conducted cross-browser and device testing to ensure consistency
and functionality across all platforms.

Education

Savitribai Phule Pune University

Bachelor of Engineering - BE, Computer Engineering · (August 2019 - May 2023)
